1. Claims 1-25 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or fairly suggest to one of ordinary skill in the art at the time of the invention in conjunction with all the other claimed limitations, storing the second data item to a second area of the non-volatile storage medium using a first writing mode to control functionality of the product unit as in claim 1 as now amended; the setting of the flag in a first area of the non-volatile storage medium to determine whether an update of the second area of the non-volatile storage medium has been performed as in claim 11. As seen in the office action of 10/4/05, the examiner agrees with applicant's arguments presented 7/19/05 that the elements of claim 11 are found within claim 18 and thus claim 18 is allowable for the same reason. All other claims are dependent claims and are therefore allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
